

# A Benefit Like No Other – Precision Cancer Genomics: A Powerful Way to Manage Cancer

If you receive a cancer diagnosis, you are not alone. You have access to an ultra-personalized cancer support program provided by Genomic Life.

Empowerment when facing cancer has an immediate positive impact on quality of life.

You will receive a dedicated oncology navigator who provides timely access to genomic-based solutions and expert cancer care resources throughout every situation and stage, alleviating the burden of cancer.

**Diagnostic Inherited Cancer Panel:** Analyzes genes associated with cancer

**Comprehensive Genomic Profiling:** Evaluates what treatment works for you

**Focused Molecular Testing:** Targets the mutation for tailored treatment

**Liquid Biopsy:** Detects a cancer mutation

**Cancer Information Line:** Offers answers on cancer, clinical trials, and caregiving support

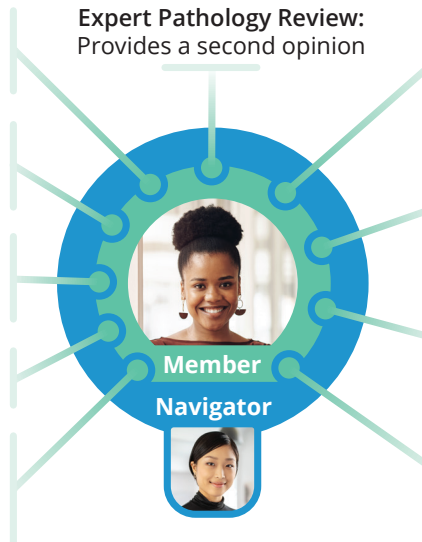

**Expert Pathology Review:** Provides a second opinion

**Pharmacogenomics For Cancer Drugs:** Examines what drugs work for your cancer

**Family Follow-Up Testing:** Offers immediate family the genetic test for your positive gene

**Physician Support:** Have your doctor talk with a genetic expert

**Genomic Life Platform:** Receive lifetime knowledge of genomic insights and a health library
