Activate your benefits to get care for all you love.

How to enroll

1 Begin your enrollment at
care.com/yourbenefits

2 Enter your company name and the email
you wish to use for your account and
select *Join now*. If you have an existing
Care account that you wish to connect to
your workplace Care benefits, use that
email address to enroll.

3 Enter your first name, last name, birth date,
and address.

4 Enter your unique employee identifier to
confirm your eligibility.

5 Set your password or choose *Skip for now*
to do it later. If you entered an email address
that's associated with a preexisting Care
account you will be prompted for your Care
account password to connect your account.

You're all done!
Use your Care homepage moving
forward to access your benefits.

Frequently asked questions

What information do I need to enroll?

You will need your unique employee identifier (usually your employee ID or work email address)
to confirm eligibility, so it is a good idea to have it ready when you are prompted. If you are unsure
what your unique identifier is, please contact your company HR department.
