

List of delisted service providers

List updated as of April 4, 2024

Private & Confidential*

Don't be out of pocket.

We regularly look at the claiming and administrative practices of medical and dental healthcare service providers', and pharmacies. Sometimes, our review can lead to a "delisting". This impacts you. If you receive healthcare services or supplies from a delisted provider, we will not reimburse you for your expenses. You can still choose to obtain services or supplies from a delisted provider; however, your claim will be denied.

Take a look at the delisted providers before making an appointment, just to be sure!

To search the list by name, use Ctrl+F on your PC keyboard, or CMD+F on your Mac.

Who's on the list?

Sun Life Financial's delisted healthcare service providers list may include medical and dental clinics, facilities and service providers, as well as pharmacies. You can see a list of providers by province in the tables below. Providers who are new to the list are shown at the top of the list.

We encourage you to check this list periodically so you don't unknowingly use a delisted provider

**Sun Life Financial's list of delisted providers is competitive information, and can't be disclosed to any third party, or reproduced in any way without our express consent.*
